

Medical Director & Radiologist

General Summary:

Seeking a General Radiologist to work in a beautiful, university town in Athens, Ohio. Riverside Radiology and Interventional Associates is looking for a radiology leader with a desire to be integrated closely with the hospital, medical staff and community to build lasting relationships and deliver high quality care. Support from subspecialists and the RRIA enterprise makes this a rewarding practice experience and a collegial practice environment.

Job Details:

- Position is located in Athens, Ohio at OhioHealth O'Bleness Hospital
- Partnership track eligible
- General radiologist with ability to perform body IR as needed
- Mammo is nice to have, but not required
- M-F 8a-5p position with minimal call
- Competitive compensation (450k+) and benefits package
- Equity opportunities available with partnership

About Riverside Radiology and Interventional Associates:

RRIA is one of the largest sub-specialized private radiology practices in the country having about 100 diagnostic and interventional radiologists on staff. We serve both large and small hospitals not only in central Ohio, but throughout the entire state. Our vast IT infrastructure allows for all job sites to be fully supported by additional general and sub-specialized radiologists located in Columbus and at our other locations throughout the state. RRIA is continually recognized as a national leader in radiology. To learn more about our practice, please visit our website <http://www.riversiderad.com/>
